OUTRIGGER PADS

Ensure your crane is supported safely for all ground conditions...

PadTech Outrigger Pads will provide a safe working condition for the equipment when used.

Our pads combine strength and durability.

We work with a global network of resellers who distribute our product worldwide.

APPROVED QUALITY

Manufactured from high performance polyethylene designed to provide maximum support for the toughest lifting applications. We use only raw material not recycled material.

FAST & EASY SET UP

PadTech quality outrigger pads are easily transport on any jobsite. Transporting, lifting and moving is no problem, each of our pad is fitted with handles to increase flexibility.

WORK SAFE

It can be difficult to know if the ground beneath your crane will support the weight and pressure under your outriggers. This is critical question for operators to safe crane setup. As a result of this need, using crane outrigger pads that are sufficient to provide the necessary foundation support for maximum crane safety.

"It is all about safety"

USER FRIENDLY

It does not pollute the environment, it is ecological, it is light, it is easy to carry, it has high durability and flexibility, waterproof and water resistant, does not rust like steel, does not rot like wood.

APPLICATIONS

Mobile Cranes, Truck Cranes, AWP, Scissor Lifts, Truck Platforms, Telehandlers, Concrete Pumps, Hydraulic Jacks, Tower Cranes and Motorhome & Caravans

SIZE

Part Number	Size	Weight KG	Capacity (T)	Handle
